REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the claims are allowable over prior art of record, because none references in alone or in combination discloses an optical wafer (claim 35) or a molded plastic optical wafer (claims 43 and 44), wherein the refractive lenses having a first surface having a radius of curvature of 300 micrometers or less.

The underlined limitation is critically, since with the radius of curvature of 300 micrometers or less in order to assure that the diameter and position of light beam of optical fiber or waveguide will be appropriate for high efficiency coupling with such a large lateral offset.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
